POLLUTION PROBLEM IS DISCUSSED

No City on Great Lakes Has Water That is Safe Without Treatment

SHOULD SEEK REMEDY

By Employing Best Sanitarians in the World—Over 19,000 Samples Taken From 1,400 Sampling Points.

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 14.—Pollution of the waters of the Great Lakes and the rivers and streams on the Canadian boundary, along which live more than 6,000,000 people, was revealed today in a report to the International Joint Commission by Dr. Allen J. McLaughlin on the public health service. The report showed extensive pollution in the waters adjacent to many of the large cities and declared that owing to the present position of intakes, there is not a single city on the lake which can be said to possess water that is safe without treatment.

The remedy, Dr. McLaughlin said, should be sought by the best sanitarians in the world. The commission under treaty, has no power to remedy conditions, but it will suggest the employment of world known sanitarians and authorities on public health and after investigation by these experts will recommend legislation to embody their views, to the Canadian and United States governments.

Dr. McLaughlin has spent about six months on the investigation and his field covered every mile of boundary water from Duluth at the head of Lake Superior to the point where the St. Lawrence river leaves the New York State boundary. He had several assistants, and they made use of every possible means to examine the water suspected of sewage pollution.

His report in part was as follows:

"This field of investigation covered the waters of the Rainy River, parts of Rainy Lake and Lake of the Woods that part of Lake Superior known as Thunder Bay; St. Mary's river; Lake St. Clair; Detroit river; the western end, central portion, and eastern end of Lake Erie; the Niagara river; the western and eastern ends of Lake Ontario; the St. Lawrence river to Cornwall, and the portion of the St. Johns river which forms the international boundary between Maine and New Brunswick. The commission established laboratories for examination of samples of water at Fort Frances, Ont.; Port Arthur, Ont.; St. Ste Marie, Mich.; St. Ste Marie, Ont.; Detroit, Mich.; Windsor, Ont. on the United States revenue cutter Morrill; Amherstburg, Ont.; Port Stanley, Ont.; Buffalo, N. Y.; Niagara-on-the-Lake, Ont.; and Van Buren, Maine. Samples were taken from 1,400 sampling points and over 19,000 samples were taken and examined bacteriologically.

"In certain localities in the Great Lakes and in all their connecting waters dangerous sewage pollution was shown to exist, but the bulk of the great Lakes waters remain in its pristine purity. The investigations show that the colon bacillus is practically never present in unpolluted waters and that the normal bacterial content of Great

Lakes water is less than ten per cubic centimeter. Great Lakes water is classified tentatively into five classes in this report from the relatively pure lake water through slight, moderate, serious to gross pollution. The sources of pollution in the order of their importance are sewage from cities, sewage from vessels navigating these boundary waters, and the inevitable pollution following rains and thaw. The distance pollution may travel in the lakes was demonstrated also.

"At the mouth of the Detroit river and at the mouth of the Niagara river serious pollution extends normally more than 10 miles into the lake and on occasions was found 16 and 18 miles from shore. The distance from the cities of pure water in the lake, the enormous cost of long pipe-lines, coupled with the engineering difficulties in placing intakes beyond the 70-foot depth make it impracticable in most instances to secure pure water from the lakes without treatment. The present position of intakes is such that there is not a single municipality using water from the Great Lakes or their connecting rivers which can be said to possess a safe water supply without treatment. As might be expected the areas most grossly polluted are in the connecting rivers, upon which large cities are situated. The pollution from vessels renders the St. Mary's river above the cities of Sault Ste Marie unfit as a source of water supply without vessel pollution combined with the sewage from the cities of Sault Ste Marie cause gross pollution in the St. Mary's river from the Sea to Neebish Island.

"Because of sewage pollution there is no point in the St. Clair river from which a safe water supply could be secured without treatment. The Detroit river is sufficiently polluted from Lake St. Clair to Sandwich to make the water an unsafe source of supply. From below Sandwich to its mouth the Detroit river is grossly polluted from shore to shore. Gross pollution in the Niagara river extends along the American shore from Buffalo to Strawberry Island, throughout the entire Tonawanda channel, and below the falls gross pollution extends from shore to shore throughout the entire river and for miles out into Lake Ontario. Investigation of the St. Lawrence river (Thousand Islands) was made at two distinct periods. The results obtained in April showed a greatly increased pollution obviously due to the increase in summer resort population, and to the sewage discharged from vessels."

WOMAN TRAINED DAUGHTER-IN-LAW AS SHOPLIFTER

(ASSOCIATED PRESS TELEGRAM) Cleveland, Jan. 14.—Mrs. Elizabeth Lindsey, Prospect avenue, accused of having trained her daughter-in-law, Mrs. Helen Schwartz, as a shoplifter, today was sent to the workhouse to serve a sentence of \$200 and costs and 30 days. Mrs. Schwartz, 28, arrested at the same time, received a similar sentence. Two detectives arrested the woman after they had been seen taking several articles from a department store. A search of the home disclosed \$500 worth of property said to have been stolen from two department stores.

Mrs. Schwartz in police court told Judge Baer her mother-in-law had put through a careful training, explaining the exact goods to get and simplest means of getting them under cover.

WAS THE MOTHER OF ROOSEVELT'S FIRST WIFE. (Associated Press Telegram) Brookline, Mass., Jan. 14.—Mrs. George C. Lee, widow of a Boston banker died here today aged 80 years. Her daughter Alice, was the first wife of Col. Theodore Roosevelt and the mother of Miss Alice Roosevelt Longworth.

Mr. Ed Miller has returned to his home in Lancaster after a week's visit with his sister, Mrs. George Myers of Twenty-first street.

SHIVERING MEMBERS AT THE DINNER

Board of Trade Banquet Tuesday Evening at Assembly Hall

NEW LIBRARY PROJECT

One of the Subjects to Come Before the Meeting—Adjourning Early on Account of Chilly Temperature of the Hall.

Shivering in a room with the temperature hovering around the freezing point many of the men in overcoats fifty members and officers of the board of trade attended the dinner at Assembly Hall Tuesday night. The only noticeably warm features of the meeting, were the food served by Caterer McDaniels and the speeches made by the members.

It was close to 7 o'clock when the fifty men had assembled in the hall and took their places at the tables which had been spread in the balcony.

The caterer was able, by almost superhuman means, to keep the food hot and the banqueters soon forgot the chilly atmosphere when they settled down to enjoy the hot and comforting menu.

President Robert W. Smith took charge of the meeting after coffee and cigars had been served and in a short address he indicated that the directors, enthusiastic in the work outlined had developed plans which give the membership an opportunity to work.

He called upon all the past presidents of the board who were present as well as several of the members. Messrs. C. H. Spencer and C. W. Montgomery both made strong pleas for the public library, urging that the organization back a movement to place the Newark Public Library on a substantial foundation.

Mr. Spencer suggested that action be taken looking towards the purchase of the Ed Doe home in Hudson avenue for library purposes. Mr. Spencer declared that the property could be secured for \$14,500, that the property had cost much more than this amount.

Mr. Montgomery, who has been president of the board of trustees of the library, in a short address declared that the library had grown from nothing to a point where it contained 9,000 volumes and that a librarian and three assistants were necessary to attend to the wants of the patrons. He said that the library was depending upon donations of a few individuals except for the \$1230 or \$1300 appropriated each year by the city. He declared that no institution in the city could result in more benefit to the generations to come than the public library.

Manager Wakefield, in a half hour's talk explained some of the features of the plan adopted by the directors of the board, to establish a fund to be used for the current expenses and the extension work planned. He told of some of the difficulties encountered in the canvass for new members. He urged the members to "get together" and to work with a single purpose in view.

Other speakers were Fred C. Evans, W. L. Prout, J. R. Fitzgibbon, Wilson Hawkins and J. Howard Jones.

The meeting was adjourned earlier than was intended because of the chilly temperature in the room.

NEWARK SALE OF RED CROSS SEALS NETS NEAT SUM

At the meeting of the City Federation of Women's clubs, held last night in Taylor Hall, the chairman of the committee appointed by the Federation to take charge of the Red Cross Seals made her report. Of the ten organizations belonging to the Federation, the Coterie club carries the banner having effected the largest sale, 7,046 stamps.

The several circles of The King's Daughters under the management of Miss Elizabeth Felix, sold 8,319 stamps, while various amounts were sold by the other organizations. Stamps sold by City Federation of Women's clubs, 22,857 \$289.57

Less 20 per cent sent to State and National organizations 59.72

Balance \$229.85

Net proceeds of stamps sold from American Tribune office Over-run of cash contributed during sale 2.67

Total \$232.52

Of this sum, one-half \$116.26 was given over to the Visiting Nurse Chapter of The King's Daughters, while the balance remains in the treasury to be used for strictly humanitarian purposes.

Countess Molitor to Cross Desert Alone

Countess Molitor, well known in England for her adventures in the wild places of the earth, has gone on a perilous journey across the Ruba-el-Khali, the great sandy desert of south Arabia. Other European explorers have tried this journey and all have failed. Yet the intrepid woman believes she can make the trip without other aid than that of the natives.

NEW ENGLAND COAST STORM IS ABATING

(ASSOCIATED PRESS TELEGRAM) Boston, Jan. 14.—Although the northwest gale has abated somewhat today, the New England coast was still lashed by terrific seas and shipping was endangered. Nothing had been learned early in the day as to what became of the crew of six men who abandoned the schooner John Paul, which was picked up by the revenue cutter Acushnet in Nantucket sound and afterwards sank.

The Acushnet, which spent a busy day yesterday assisting distressed vessels, stood by the schooner G. M. Porter, of New York for Calais, through the night. The Porter was ashore in Kill Pond Bar, of Bass River.

The British schooner Greta, which disappeared after she had raised signal of distress near Half Moon Shoal Monday night, was still missing today, as was the Nantucket fishing schooner Two Brothers, caught in the storm Monday off Sankaty light.

The temperature remained below zero throughout New England. Trains were delayed by the difficulty in making steam and there was much suffering.

FARMERS DISCUSS HOG CHOLERA AND EGG INSPECTION

(ASSOCIATED PRESS TELEGRAM) Columbus, Jan. 14.—Hog cholera prevention and egg inspection vied with each other as subjects of discussion at the first session of the Ohio Farmers' Congress which opened here today under the auspices of the state agricultural commission with 1,500 farmers attending. S. E. Strode, state commissioner of agriculture, declared "the egg question is the greatest one on the program," because preventable loss caused by lack of inspection and decayed eggs in the nation is \$100,000,000 annually.

Dr. Paul Fischer, chief state veterinarian, in an address declared hog cholera is the most important sanitary measure to be considered by farmers because it causes a financial loss of more than \$50,000,000 in the nation every year.

TEMPERATURE TEN BELOW ZERO WHILE FIREMEN BATTLE

(ASSOCIATED PRESS TELEGRAM) Boston, Jan. 14.—Joseph A. Hackett, a fireman, was killed by a falling wall in a fire which destroyed the department store of W. and A. Brown on Washington street, in the Roxbury district, early today. The blaze, which caused a loss of \$150,000, was fought under difficulties. A team encountered in this city. The temperature at 10 below zero, the firemen had to work in relay, stopping frequently to break the ice which encased their suits and helmets.

This was the most serious of nearly 60 fires which sent the firemen into the blinding cold during the night.

SPECIAL BUDGET EXPERT

Makes Report to Governor Cox of Money Necessary for This Year

SAVESUM OF \$978,303.22

Appropriated by Legislature at Last Session—Made a Careful Study of the Needs of Each State Department.

(ASSOCIATED PRESS TELEGRAM) Columbus, Jan. 14.—Ohio's finances and appropriations now are on a budget basis. W. O. Heffernan, special budget commissioner, employed by Governor Cox several months ago to make a survey of appropriations necessary to run the government during 1914, made his report to the governor today.

By months of careful investigation of each department's needs, he has succeeded in pruning \$978,303.22 from the total appropriations made by the legislature at its last session. The 1913 budget bill already passed provides for a distribution of \$9,511,588 for the operation of the state government this year. The budget commissioner reports that appropriations of \$3,352,384.78 will accomplish virtually the same work. Nearly half the departments have been allowed small increases over the amounts granted them by the legislature.

Indications are that Commissioner Heffernan's report will be made the basis of a new appropriation bill to replace that already passed, without great changes. The finance committees of both the House and Senate which opened a joint session Monday to hear Mr. Heffernan's explanation of his report are approving his recommendations, as he makes them. Governor Cox has kept in close touch with the work of compiling the bill, and is said to approve it.

The installation of the budget system of governing appropriations and expenditures marks a new era for Ohio's government. Heretofore members of the legislature and the governor depended mainly on statements from heads of the departments in making appropriations.

"This budget more closely approximates the actual needs of the various departments of government than any appropriation heretofore made," says Commissioner Heffernan in his report. "Study of the needs of the department has been sufficient to disclose bad methods, wasteful practices and miserable inefficiency."

"This tentative budget is the first in Ohio and the first segregated state budget in the union," Mr. Heffernan calls it a "scientific fact-producing budget."

Heretofore, the so-called state budget has been an estimate in a block and lacked the intelligently segregated items of expenditures called for by the new method," he says.

In the following table the first column of figures shows what the budget (Continued on page 8, col. 5.)

JACK JOHNSON SIGNS ARTICLES TO FIGHT MORAN

(ASSOCIATED PRESS TELEGRAM) Paris, Jan. 14.—"Jack" Johnson, the colored heavyweight pugilist and Frank Moran, the Pittsburgh heavyweight, today signed articles for a twenty round bout for the championship of the world to be fought on or before Paris Grand Prix race during the first or second week of June this year.

Johnson was handed a check for \$35,000 by Charles McCarthy, representing a group of American sporting men, while Moran was guaranteed \$5,000.

The fight is to take place in Paris. The articles were signed in the Pavillon Dauphine in the Bois de Boulogne.

Johnson agreed not to fight anybody else before meeting Moran in the ring and if the colored pugilist fails to fight he is to forfeit the \$35,000 except the sum of \$5,000 for his training expenses.

The signature to the articles were finally affixed and in the presence of many managers, promoters, boxing men and other sportsmen Johnson and Moran then drank each others health in goblets of champagne. Three moving picture machines were working during the negotiations.

Charles McCarthy intimates that the group he represents which is supplying the money is actuated by the desire to see the heavyweight championship of the world taken by a white man. The group consists of three American millionaires residing in Paris and does not comprise William Astor Chanler. The promoters are convinced that Moran will win.

NICE GIFT FOR ART BUILDING AT OBERLIN, O.

(ASSOCIATED PRESS TELEGRAM) Oberlin, O., Jan. 14.—President Henry Churchill King of Oberlin College announced in chapel at noon today that the institution had received a gift of \$125,000 for an art building. The names of the donors were not made public. The building will be erected at once and will form a part of the college group plan recently drafted by New York architects. The Olney art collection now housed in the Carnegie library here will be given a place in the new structure. The college at present has no art building.

PATROLMAN SHOT BY THE BURGLARS

(ASSOCIATED PRESS TELEGRAM) Massillon, O., Jan. 14.—In attempting to arrest two men he found leaving a dry goods store at 3 o'clock this morning with a package of stolen furs, Patrolman August Seifert was shot through the wrist and chest. His condition is serious but his recovery is expected. Seifert's assailants escaped.

FEDERALS ARE HEMMED IN BY REBEL TROOPS

(ASSOCIATED PRESS TELEGRAM) El Paso, Texas, Jan. 14.—Mexican federal troops stationed at Las Vegas, opposite Del Rio, Texas, have been surrounded by rebels and an attack is momentarily expected according to reports today to the United States border patrol. The federal garrison is small.

SERVICE SUSPENDED ON PORTUGAL ROADS

(ASSOCIATED PRESS TELEGRAM) Lisbon, Jan. 14.—The entire railroad service of Portugal was suspended today owing to the declaration of a general strike by the employees. About one-third of the railroads belong to the state.

JAPANESE COOK DEAD WITH GIRL'S BODY LYING NEAR

(ASSOCIATED PRESS TELEGRAM) Roslyn, L. I., N. Y., Jan. 14.—When the Elmer Stevenson family started to learn why no breakfast awaited them this morning they found Mauski, their Japanese cook, dead in his room with the body of a young American woman lying beside him. Both had been shot and a revolver lay on the floor. There was little to explain whether the two committed suicide or were murdered or whether one of them shot the other and then killed himself or herself.

Nobody on the Stevenson estate recognized the woman. She came here yesterday afternoon from New York and was last seen going toward Mauski's quarters.

FOUND BODY OF MURDERED MAN IN A TENEMENT FIRE

(ASSOCIATED PRESS TELEGRAM) Youngstown, O., Jan. 14.—When Rudolph Kurz, fireman, broke down the door of a room on the second floor of a lodging house during a fire today he found the body of a murdered man in bed. The victim's head had been crushed and an axe nearby proved to have been the weapon with which he had been killed. The crime was a month old, the coroner said. The body has not been identified.

The murdered man was later identified as Peter Scenyk 40, who recently came here from Akron.

Faint Call of S. O. S. Is Picked Up Along Bay of Fundy Points

(ASSOCIATED PRESS TELEGRAM) St. John, N. B., Jan. 14.—The faint purr of an "S. O. S." call from the missing steamer Cobequid was picked up at several points in the Bay of Fundy at 10 o'clock this morning and revived hope for the safety of the 110 people on board.

The wireless was not sufficiently strong or continuous to give the location of the vessel but indicated that she had survived a tempestuous night and that there was still a chance for her passengers and crew.

The Canadian Northern liner Royal George, caught the cry of distress three times and heard the steamer Lady Laurier replying, and asking for the location of the Cobequid, but no response from the Cobequid could be made out. The Lady Laurier went out from Halifax yesterday to take part in the search and ought to be near the wreck today. It is still believed that the Cobequid struck on one of the Grant Vroman ledges and that Captain Howson mistook the point for Briar Island, when he first called for assistance at daylight yesterday.

During the forenoon wreckage began to come ashore on the Yarmouth side of the Bay of Fundy. It was apparently from a steamer and made plain from the weather conditions during the past twenty-four hours, that some vessel, perhaps the Cobequid, was on the ledges of Grand Manan and that parts of her upper works had been swept away.

The weather conditions were a little more favorable for the search for the Cobequid today although a dense mist still hung over the waters. The snowstorm has passed but the temperature remained several degrees below zero and a 30 knot northwesterly whipped the sea.

Hope for the vessel's safety rests chiefly on the efforts of the United States revenue cutter Woodbury and the Canadian steamer Lady Laurier.

The Canadian cable steamer Tyrone did not go out from Campbellville, Lieutenant Randolph Ridgely, Jr., commander of the Woodbury, was last reported making a stubborn fight through heavy seas. This forenoon he was beyond wireless range but was thought to be close to Grand Manan.

ERUPTION OF VOLCANO IS ABATING

No Estimate Can be Made of the Loss of Life at the Present Time

DEVASTATED DISTRICT

Cannot Be Visited Until Later State Associated Press Dispatches from Tokio—Troops and Warships on Patrol Duty.

(ASSOCIATED PRESS TELEGRAM) Tokio, Japan, Jan. 14.—Official reports this morning from southern Japan where volcanic eruptions and earthquakes have caused heavy loss of life, panic and great property damage, are that the eruption of the volcano of Sakurajima, which caused the most devastation is abating.

Just how heavy has been the loss of life cannot yet be estimated. Sakurajima, where the greatest loss of life probably occurred, cannot be visited because the eruption of Sakurajima continues. So the story in this respect must wait. Troops and warships are now in the vicinity and a search of the islands will be made at the first opportunity.

Kagoshima the nearest big city to Sakurajima, while it suffered great damage from the earthquakes, does not appear to have sustained a severe loss of life. H. Ijuin, former Japanese minister to China, who lives in Kagoshima, sent a dispatch to the foreign office in which he said that ten persons have been killed and thirty injured there. He also stated that great confusion prevailed in the city.

Other telegrams report that the barracks, governor's residence and the temples were among the buildings wrecked in Kagoshima. The soldiers are camped in the squares of the city while the population has sought refuge in the shrines and temples in the hills.

The postoffice was one of the first buildings to collapse in Kagoshima at the start of the earth disturbance. The staff escaped and after the first panic erected a hut in the hills and repaired the telegraph equipment.

Kagoshima is protected from looters by patrols of troops.

All Americans who were in the vicinity are safe.

Sakurajima, at the height of its eruption, is pictured in reports as a terrifying mountain of fire. The air for miles around is thick with ashes and smoke. The police and soldiers of Kagoshima soon after the disturbance began many rescues from the island of Sakurajima.

The people at first did not seem to realize their danger and were slow in trying to escape. It is feared that many were killed before reaching the seashore. Thousands, pursued by a rain of fiery stones, knelt on the beach, half submerged in water, and gesticulated wildly to the steamers and fishing boats for aid. One small steamer saved 300 persons while the other boats also did noble rescue work. The cruiser Tone reported yesterday that Sakurajima had been entirely evacuated.

The Japanese destroyers here were dispatched to the scene but were unable to complete the journey. Stormy weather and high seas compelled (Continued on page 8, col. 1.)

Relief Is Promised Eastern States From Intense Winter Weather

(ASSOCIATED PRESS TELEGRAM) New York, Jan. 14.—Relief from the intense cold weather which has held the eastern and New England states in its grip for the past two days is promised tonight or tomorrow. Today, however, near zero weather or below, still prevails along the middle and north Atlantic seaboard. Reports from the west early today indicated that the rising temperature which brought relief there yesterday would reach the lake regions today and weather forecasters say it is extending eastward.

In New York state the lowest temperature reported—43 degrees below zero—was at Harrisville. Few towns in the northern and western sections of the state reported temperatures higher than 20 degrees below zero early today. New York City which seldom experiences below zero weather, touched a record mark at midnight at 4 degrees below. The number of dead officially recorded last night was 9, but police and health officials believe the total will greatly exceed that figure. Hundreds have received treatment at hospitals and

thousands of homeless men and women have been sheltered in mission and municipal lodging houses.

From along the Atlantic coast from Cape Hatteras to Cape Cod, reports of disasters to vessels kept filtering in during the day. The sale was said to be strewing the beaches with wrecks and taking many lives. Several schooners are said to have been lost with their crews.

New England yesterday and last night were swept by a sixty mile gale and there were many reports of suffering in Boston and other cities. Schools and factories are closed and several cities are without electric light and power.

Three deaths are due to cold weather or reported from Philadelphia where four degrees above zero was registered late last night.

Early today fire in a Bowery restaurant in this city threatened a lodging house in the same building, and another adjoining it in which 300 men were sleeping, all of whom were driven to the street with little clothing to protect them from the zero weather.

Important to All Women
Readers of this Paper.

Thousands upon thousands of women have kidney trouble or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder diseases.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive a sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

STRONG POINTS

Of The Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

1. Safety. All money is loaned only on first mortgage on homes and farms, the safest of all mortgage loans.
2. Profits. Time deposits bear five per cent. interest per year, payable in semi-annual installments.
3. Ready money. You can always get the cash on your deposits.
4. Convenience. Centrally located in the fireproof Rankin Building, 22 West Gay Street, Columbus, Ohio.

NOTICE OF APPOINTMENT.
Estate of David D. Jones, deceased.
Daniel R. Jones has been appointed and qualified as administrator of the estate of David D. Jones, late of Licking County, Ohio, dated this 10th day of December, 1910.

ROBBINS HUNTER,
12-21 wed 31 Probate Judge.

Scene from "The Winning of Barbara Worth" at the Auditorium tonight.

Theaters

"Winning of Barbara Worth" Tonight.

Probably no offering of the current season can be regarded as being more pretentious than that of the Klaw and Erlanger production of "The Winning of Barbara Worth," a dramatic version by Mark Swan of the thrilling novel of Harold Bell Wright.

When it was first decided to make the production none connected with the effort to introduce it to the stage realized how large a part of the desert played in the story. Soon it was seen that nothing short of a perfect reproduction of this, which has been poetically termed "The Hollow of God's Hand," would suffice. Thereafter that thought was not how little would suffice, but how elaborate and convincing could the settings be made.

The result is a production such, it is asserted, as has rarely been equalled on the dramatic stage. Every act has been given the broadest treatment and elaboration of detail, and is marked by that capacity for taking pains which has been denominated genius, and usually confined to some one act of a play. The effect is described as all but startling. The average theater-goer is not prepared for such a wealth of scenery, such a vivid picturing of the desert of the vast engineering project, a battling with the turbulent water.

"Baby Mine."

In Representing the Margaret Mayo comedy, "Baby Mine" at the Auditorium, Saturday matinee and night, Richard Clark under whose direction it is produced, calls attention to the fact that it not only ran for an entire year at Daly's Theater New York, and over a year at Sir Charles Wyndham's Theater in London, England, playing to capacity house right, where so much anti-American prejudice exists. Still, they fairly searched for objections to praise this worthy laugh-provoking American play. "Baby Mine," which is sending a tale of laughter around the world.

The plot of "Baby Mine" was suggested to Miss Mayo through the reading of an article in a Chicago newspaper to the effect that married women of that town frequently deceived their husbands by palming off infants from foundling asylums as their own offspring, and that husbands would go through life proudly innocent of the deception.

Why shouldn't "Baby Mine" be a big success, a pronounced success with such genuine material as an interlarch and fun maker? There is everything to the play to warrant the general opinion that it is the greatest ever, and this is "Going some" when we recall "Charles's Aunt" and "Too much Johnson" and a couple of other comedy plays that earned fame, and made records. But "Baby Mine" is the greatest of them all and will on for a long life and world wide popularity. Sale of seats for both performances starts Thursday evening.

"Bought and Paid For."

"Bought and Paid For," Geo. Broadhurst's most human and humorous play, which takes first rank among the American plays of the season, is shortly to appear here for the second time. William A. Brady whose fortune has vastly increased

since the initial production of this dramatic gem, is sending here an excellent cast together with the identical New York Playhouse production "Bought and Paid For" is announced for an early date at the Auditorium.

Cap's Orchestra Tomorrow Night.

Of Cap's Orchestra which appears at the High School Auditorium tomorrow night under the auspices of the Newark Masonic Temple Company the Piqua Daily Leader says:

About one thousand people were in the Chautauqua tent Saturday evening a somewhat larger crowd than attended in the afternoon. It was considered a good attendance for Saturday.

"The evening concert by Cap's Orchestra was highly appreciated. Their popular music was applauded and encores were frequent."

Wells Watson Ginn, who made such a splendid impression in the afternoon in his monologue, was warmly greeted in the evening and gave readings that the crowd was pleased to acknowledge with most hearty applause. Like the young mer in the orchestra, he imparts spirit and enthusiasm, and the Chautauqua patrons hope that Cap's Orchestra and Mr. Ginn will return in a future engagement.

It is true that a minority rules. If it were not this country would be run by the fools.

PAINS, STIFFNESS, RUB RHEUMATISM AWAY! IT'S GREAT

What's Rheumatism? Pain only! Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which can not burn the skin.

Lumber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

HIGH WATER.

Miss Emma Clark of Newark, who has been visiting her sister, Mrs. L. F. Wenger, returned home Friday.

Mr. and Mrs. M. D. Snyder and Mrs. Mary Dumbauld were Newark visitors Tuesday.

Protracted meetings are in progress in the Liberty M. E. church, conducted by the pastor Rev. Mr. Gilliam.

Ralph Jones of O. S. U. was home over Sunday.

Mrs. Amy Patterson and Wilma Hall were Sunday guests at the C. M. Clark home.

J. F. Riley and family were Sunday guests of Mr. and Mrs. Charles Emswiler.

Charles Clark spent Thursday with friends near Alexandria.

Misses Edith Jones and Ethel Hancock were in Newark Sunday.

J. F. Riley was in Columbus Sunday night and Monday.

The following officers were elected by the High Water Christian Sunday school for the ensuing year: Superintendent, Gail Keckley, secretary, Ralph Riley; organist, Mabel Riley; assistant organist, Nellie Pierpoint; teachers, Mrs. Eunice Wenger, Reba Riley, J. F. Riley, Ralph Jones, Rod Haas and Harry Keckley.

Sunday school next Sunday at 2 p. m.; preaching services at 3 p. m. Rev. Frank Moorehouse pastor.

A HAPPY BALD HEADED MAN

Well-Known Politician Nearly Bald Now has Heavy Growth of Hair.

Tells How He Did It.

A western politician, well known on account of his baldness and ready wit, surprised his friends by appearing with a heavy growth of hair. Many of his old friends did not know him and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the remarkable growth of my hair to the use of the following simple recipe which any lady or gentleman can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 1-4 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."

DENISON GLEE CLUB

H. S. Auditorium, Jan. 16, 1911.

The Denison Glee Club is admitted to be one of the finest musical organizations in the state. It carries Mr. Karl Eschmann, pianist and Mr. Victor Hoppe, reader. You can not afford to miss it. Tickets on sale at Y. W. C. A. Seats reserved at Erman's Drug Store at 3:00 p. m. Wednesday, Jan. 14.

AN UNUSUAL OPERATION ON LITTLE GIRL

A very unusual operation was performed on Tuesday morning on Henrietta McCabe, the 11-year-old daughter of Mr. and Mrs. H. C. McCabe of the Hebron road.

The affection was known in the medical world as bony atresia of the nose. The case was one where the lower part of the nose was normal, but where one nostril was closed completely. It was necessary to drill through the bone, closing the nostril, to form an air passage and then a silver tube was inserted. The operation which is very rare to the medical profession was performed by Dr. D. J. Price, assisted by Dr. Carl Evans and Dr. Hunt. It took place at the home of the child's parents in the Hebron road.

It is the second operation the child has undergone, the first being for adenoids and the removal of tonsils. It was most successful, and the patient is resting comfortably today.

ERUPTION

(Continued from Page One.) them to return to Sazbo. The second squadron of armored cruisers, consisting of the Iwate, Tokiwa and Yakumo, was then sent off and is expected to reach Kagoshima tonight.

Official advices from Kumamoto, dated yesterday, reported that place shrouded with ashes from the eruption of Sakura Jima. Enigies there are directed toward the repair of the railroad so that water and rice may be sent to the hungry refugees near Kagoshima.

With the distress caused by the volcanic eruptions and earthquakes in the south and serious famine in the north the government is bending every energy to relieve the double affliction. Naval vessels, with food and other supplies, will be sent as speedily as possible.

In Tokio this morning a sulphurous odor in the air, was followed by squalls, thunder and rain. The storm is attributed to the disturbed meteorological conditions resulting from the earth disturbance in the south.

HUNDREDS HAVE PERISHED IN THE KAGOSHIMA GULF

(ASSOCIATED PRESS TELEGRAM) Miyazaki, Japan, Jan. 14.—A party of refugees from the stricken island of Sakura in the Gulf of Kagoshima, arrived here today. They reported that the inhabitants of 300 houses, composing the village of Seto, on the island, lost their way in trying to reach the seashore and probably all perished together. The refugees declare that hundreds were drowned in trying to swim across the gulf of Kagoshima. They added that the volcano of Sakura Jima has completely changed its form, several new craters having opened.

The hall of ashes ceased here today after lasting thirty-six hours. A heavy rain has cleared the atmosphere.

Abe Martin Says:

Who kin recall th' ole time "Grand ball an' oyster supper"? No girl ever reformed a tightwad.

IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLDS AND CATARRH VANISH

Stops Nasty Discharge. Clears Stuffed Head. Heals Inflamed Air Passages and You Breathe Freely. Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now. Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals

the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. F. D. Hall, 16 North Side Square, Newark, Ohio.

WILLIAM DRISCOLL OLD BALL PLAYER DIES IN COLUMBUS

Friends here were notified Wednesday morning of the death of William Driscoll, 44 years old, well known to many Newark people, who died at St. Francis Hospital, Columbus, Tuesday night, following an illness of about four weeks of a complication of diseases. He was taken to the Columbus hospital December 16.

Mr. Driscoll was a son of Forry Driscoll, one of the older residents of East Newark. He was born here and spent practically all his life in this city. He was at one time a letter

carrier at the local post office and also served as a special policeman.

He is best known to baseball fans as having been defeated but once, managed the old Idlewild team some eight or ten years ago. He was a man who thoroughly understood the game, having played ball with some of the best semi-professional teams in the state. Mr. Driscoll, with such players as Jimmy Outcalt, Dan Daub and "Pete" Whitfort, was a member of the Denton team which made a nation-wide record in the early '90s. This team made a tour of five or six states and returned with the record of having been defeated but once. Mr. Driscoll played semi-professional ball in Newark, Charleston and Akron in the days before organized ball was perfected. He was regarded as a player of ability in any department of the game. He played as a pitcher and in both the outfield and infield.

Mr. Driscoll is survived by his mother, Mrs. Mary Driscoll, who has been making her home in Mansfield, O., for some time past. The body was brought to Newark Wednesday afternoon by Undertaker Eagan of East Main street and taken to the home of James Connor. Funeral services will be held Thursday morning at 8 o'clock at the Church of the Blessed Sacrament in East Newark and interment will be made at Mt. Calvary.

REVIVAL SERVICES.

After a series of splendid cottage meetings covering the entire city revival services will be continued in the First Presbyterian church this evening and also Thursday and Friday evenings. This evening's sermon will be "The Quest of the Ages." Fine congregational singing, special music and warm fellowship are the special attractions. Come 7:30 is the hour.

NOTICE.

The State of Ohio, Licking County, Common Pleas Court, Mary Turner, Plaintiff, vs. David L. Turner, Defendant. The defendant, whose place of residence is unknown, will take notice that the plaintiff has filed her petition in the Common Pleas Court of Licking County, Ohio, praying to be appointed guardian of the person and estate of the said defendant, who is alleged to be of unsound mind and incapable of managing his own person and estate. Said petition will be for hearing after six weeks from the 24th day of December, 1913.

WILL RETURN TO MANAGE HIS OWN THEATRE

Mr. E. J. Ross, of the team of Ross & Shaw, who are termed or rather booked as Musical Nondescripts over the vaudeville circuits, is completing arrangements to return to his home at Seattle, Wash., as soon as his present contracts expire. Love of travel and a desire to remain with his old love, theatrical, tempted him to sign contracts some months ago which carried him across the waters and through all the eastern and New England states. Now that the glamour of his little escapade has worn away he will return to the city of his nativity where he had large theatrical interests and assume the management of one of the largest theatres in the far western city of Seattle, one of a string of houses which he owns along the Pacific coast. Incidentally he will collect a large-sized amount from a friend with whom he wagered that he would remain away from home for a stated period and that during that time he would be employed regularly at a daily routine of work.

NATIONAL BANKS ELECT DIRECTORS FOR ENSUING YEAR

Newark's three national banks elected directors for the ensuing year in meetings of stockholders held Tuesday night. Last year's board of directors was re-elected by the stockholders of the First National, and directors chose the same officers to head their organization. Officers are F. S. Wright, president and E. C. Wright, cashier. Directors are H. S. Fleck, H. O. Norris, O. C. Jones and P. S. and E. C. Wright. The Park National elected the board of directors which served last year consisting of A. G. Worth, W. W. Gard, R. L. Lindorf, C. L. Perry, J. W. R. Lee, W. W. Davis, P. S. Phillips, J. F. Corke, R. S. Worth, O. C. Jones and George R. S. Wright. Officers will be elected January 26. One change in the directorate of

the Franklin National was occasioned by the resignation of Cashier J. K. Dewey. Otherwise, the former directors were re-elected. The board consists of John J. Carroll, A. F. Crayton, A. H. Heisey, Judge Robbins Hunter, W. A. Robbins, C. H. Spencer, and H. D. Woodbridge. The following officers were appointed: W. A. Robbins, president; A. F. Crayton, vice president; W. T. Suter, assistant cashier.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headache, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in the back, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Take your choice of any suit of clothes or overcoat in the house at one-half price. Ed. Doe's of course. It

Let Me Give You My Experience and Medicine Free

A Generous Demonstration of My Remarkable Medicine and the Benefit of 28 Years Experience Free

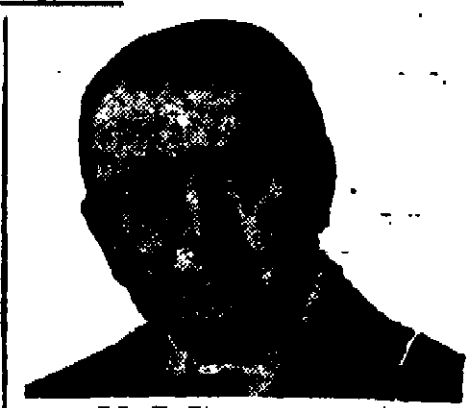

I want to prove to every sufferer from Uric Acid diseases, such as Rheumatism, Kidney Trouble and Bladder Trouble, that I have a medicine that will give prompt and permanent relief in the most chronic long-standing cases. No matter how long you have suffered, nor how many other remedies and doctors you have tried, I feel sure that I have the method and treatment which will relieve you quickly and surely.

It will not cost you one penny to give this remarkable medicine and method of treatment a trial. All you have to do is to send me your name and address, together with your principal symptoms (see coupon below), and I will send you all charges paid, a sufficient supply to prove that my medicine is effective, even in the most stubborn and complicated cases.

There are no strings to this liberal offer. When I say Free, I mean FREE in every sense of the word. Just as soon as I receive your request, the Free medicine will be mailed to your address in plain wrapper, with full directions for taking. It is a gift from me and I will not expect payment for it now or at any future time.

I have had more than twenty-eight years' experience in treating Uric Acid diseases and their complications. My long experience in this specialty has enabled me to master these diseases and I believe that I have conquered more cases of Uric Acid diseases than any other physician.

The free gift of medicine is not all I intend doing for you. When I receive your request, in addition to sending you the free medicine, I am going to send you a letter telling you about your disease and how to get well. I am also going to send you a copy of my

DR. T. FRANK LYNOTT who will give medicine and advice to those who need it Free upon request

new, large medical book covering every Uric Acid condition and many other things of importance and interest to you. I am going to do all these things absolutely free.

If you, dear reader, are suffering from any Uric Acid ailment, this offer is made to you. I am willing to offer you this medicine and the benefit of my 28 years' experience absolutely free and without cost to you, for the good it will do you and the good you can do me by telling your friends where you obtained the medicine that helped you.

In making your request for the free medicine simply check (X) the symptoms you have on the attached coupon, write your name and address plainly and cut it out and mail it to me. Or, if you prefer, you may write me a letter describing your ailments in your own words. Address your letter to DR. T. FRANK LYNOTT, 3442 Deegan Bldg., Chicago.

Business Improves With the New Year

(Enquirer.)

That business throughout the country is showing a strong and forcible current that may develop into a powerful high tide is undoubtedly true.

The return to work of idle forces in the industrial districts of New England; the call to employment of many men for more hours of labor in the shops of the Pennsylvania Railroad Company; the suddenly increased demand for pig iron; the starting up of the mills of the independent steel companies—these all bear evidence of the end of trade recession and indicate the return to more active conditions.

The easier financial situation is disclosed by the purchase last week in Chicago of nearly \$2,000,000 worth of commercial paper by leading banks of that city and the increase of nearly \$20,000,000 in the surplus reserve held by the financial institutions of New York City, as exhibited in the weekly statement of Saturday January 10.

The acceptance of the reform of the banking and currency system of the nation by both the business men and the bankers as an exceedingly

satisfactory measure has been a most potent factor in checking the declining volume of trade and in changing public sentiment to an optimistic mood.

The published interviews of such clear-sighted and well-informed business men and financiers as John D. Rockefeller, J. P. Morgan, John Wanamaker, Henry Clews and many others—men who have spoken out plainly and frankly, forecasting improving business conditions—these have had much to do with the increasing confidence of those composing the solid business classes of the republic.

In view of the recent rapid growth of peaceful relations between the Government and the great business interests of the country, it is to be hoped that Congress will aid rather than retard this better understanding, and that all action it may take during this session will be such as will promote prosperity in every section of the Union.

With every week that passes now business should show heavy gains as compared with the very best year in our history.

Thousands of Dollars Will be Saved the County Says District Assessor

Editor Advocate:—The American-Tribune in publishing an interview as to the probable cost of appraising the real and personal property in Licking county for the year 1914, under the provision of the Warnes law, makes it appear that it will cost more money than it would have cost under the previous laws.

Permit me to say that many thousands of dollars will be saved to the taxpayers of the county by the operations of the Warnes law. How is it to be done? Under the old method, there would have been 106 assessors listing and appraising the property of Licking county; this year there will be 34 assessors in the field.

Now it must certainly be evident to any thoughtful person, if an assessor is qualified to appraise the real estate, he ought also be qualified to assess the personal property. Why then use four assessors when one can do the work just as well? Would any business man employ four men to perform the work that one man could do in the same time?

You may ask how is the one assessor to do this work in the same time as it would have taken four without imposing hardships upon him? My answer is, the Tax Commission of Ohio has introduced the same business methods in this assessment, as the up-to-date business man has in his business. Also each assessor will be furnished with a loose leaf book, containing the names of the owners of the real estate with the description thereof; he will thus be enabled to mail to the District Assessor his appraisements of the several parcels taken by him each day, and the District Assessor will enter the same daily on his abstract, and by this plan the District Assessor will be able to finish entering the ap-

praisements, when the assessor has finished his work. These plans of economy in management are in the hands of the Tax Commission of Ohio, and it is this same commission, after it assumed the duties of its office, and took over all the work of appraising the public utilities, formerly performed by the State Board of Appraisers and Assessors, that has given to each county in Ohio an honest valuation of said utilities for the first time in forty years.

Under the supervision of said commission, the valuation of the several taxing districts within a county will be equalized, and finally the valuations of the different counties of the state will be equalized to the end that each individual will pay only his just proportion of taxes and likewise each county pay only its just proportion to the state fund.

As District Assessor of this county, I shall give to this work the best efforts of my life, I have no doubts whatever as to the final results of the new law. I believe I know the people of Licking county well enough to justify me in saying that they will patriotically support me in an honest attempt to supplant an antiquated tax assessing system by a better one.

W. H. ANDERSON, District Assessor.

On Second Thought

The greatest talking machine in our neighborhood is neither a Victor nor an Edison. Her name is "Susie."

At 18 a girl is looking for her ideal. At 28 she is looking for a man person.

In a country town a "Bohemian" is any man who stays up until midnight.

Now that it no longer is considered good form to whip a school teacher, there is little incentive for a boy to grow up and become a man.

There is nothing a man enjoys so much as the feeling that he has been laughed.

You probably have noticed that poor men never are sued for breach of promise.

Santa Claus comes once a year. Father comes pay day.

A stock actress touring the benevolent theatrical circuit in East Longmeadow better press notices than Mrs. Dale.

Arrangement is made by Mr. and Mrs. Carl Want of the birth of a son at their home on Twelfth street. Mr. Want is the genial accompanist, conductor on the Granville line.

INDIGESTION, GAS OR BAD STOMACH

Each "Pape's Diapiesin" digests 3000 grains food, ending stomach- misery in five minutes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin digests everything, leave nothing to sour and upset you. There never was anything so safely, quickly, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

Uncle Walt

The Winter Fly.

Oh, now and then a languid fly is seen upon the ceiling, or on the cake or pumpkin pie, in drowsy fashion reeling. We missed it in the autumn haze, we missed it or forgot it, but now, in view of future days, we ought to rise and swat it. We're apt to say: "One fly, gad-zook, won't hurt, if we don't hit it, besides, we have hot-stuff books, and do not wish to quit it." So we sit in slothful ease, with volume by Miss Bonner, when we should take our snickersnack and make that fly a goner. For that one fly, through winter days will linger, if not swatted; and in the springtime it will raise a family adrofted. A stitch in time, the poet said will save nineteen or twenty; and every winter fly knocked dead cuts down the summer's plenty. So let us as one man arise, and chase the pests and bleed 'em, still shouting, as we swat the flies, the battle cry of freedom.

WALT MASON.

(Copyright 1913 by G. M. Adams)

Human Procession

Richard Felton Outcalt, who Buster Browned himself into fame and fortune, is a native son of the Buckeye State, having been born at Lancaster, O., fifty-one years ago today. Mr. Outcalt was one of the pioneers in the colored comic business, and his creations have always ranked among the most popular. He is often described as the highest paid of all newspaper artists, and his income is said, by those who pretend to know, to be not less than \$50,000 a year.

It was nearly a score of years ago that R. F. began his artistic career. "Hogan's Alley," which was a feature of the New York World, was his first bid for fame. The following year he went over to Mr. Hearst's Journal, and the "Yellow Kid" burst upon the world in all his saffron effulgence. The "kid" speedily won a lot of friends, and, in the language of the Gothamites, he was "a scream." Mr. Outcalt then transferred his activities to the art room of the New York Herald, and it was there that he became the father of "Buster Brown." That young gentleman, although he seems as youthful as ever on the printed page, will soon celebrate his twelfth birthday. "Buster" and his companions, "Mary Jane" and "Tige," are perhaps the most popular colored comics ever produced. They have been seen on the stages of theaters all over the United States and Canada, and Mr. Outcalt has drawn obese royalties from this source. In addition, he has sold the rights to the name of "Buster Brown" to various commercial concerns, and thus added largely to his income.

Before he found himself as a creator of "comics," Mr. Outcalt eked out a precarious existence in designing landscapes and other assorted scenery for the doors of saloons and salies. Earl Crowley, the British nobleman whose irregular love affairs have twice brought him into the divorce court, was born forty-eight years ago today. The earl first married Lady Violet Neville, one of the lovely daughters of the Marquis of Abergavenny. She divorced him in 1897, alleging misconduct. In 1905 he married Millicent Florence Eleanor, a daughter of the first Baron Nunburnholme, and the divorced wife of Sir Charles Hartopp. In his suit, Sir Charles named the earl Lord Cowley as correspondent. Prior to this, the Earl had lost a \$50,000 breach of promise suit brought by a prominent actress. The second lady Crowley brought suit for divorce last March, and in July she was given a decree, she named as correspondent a noted society beauty, Mrs. Buxton, whose husband also sued for divorce, naming Lord Crowley. The Earl's son and heir, Viscount Dangan, is in the chorus of the London Gaiety Company, which recently began an American tour.

Pierre Loti, the famous French author, will pass his sixty-fourth milestone today. The eminent man of letters is a staunch defender of the Turks, and his criticisms of the Balkan allies recently resulted in a challenge to a duel, issued by a Rumanian army officer. George Breitmayr, a French writer, volunteered to act in Loti's place, because of the age of the latter, and the Bulgarian champion was worsted in the fray. Loti's real name is Louis Marie Julien Viaud, and he was formerly an officer in the French navy.

RED OAK HILL

Mr. J. M. Berger called on Job Davis Tuesday.

Mr. and Mrs. Eli Davis called on William Livingston Tuesday.

Mr. Benton and family spent Wednesday at the home of James Cloggett.

Mr. James Keaser called on Freeman Davis Wednesday evening.

Quite a few from this place attended the wood chopping at Louisa Thompson's.

Miss Altha Keaser called on Glennie Davis Thursday evening.

Mr. Wm. Livingston who has been quite ill with dropsy is better at this writing.

Mr. J. M. Berger was a Newark caller Saturday.

Mr. Wayne Neathers and David Boyer called on Freeman Davis Saturday.

Mr. James and Frank Keaser were Newark callers Saturday.

Miss Altha Keaser spent Saturday night with Bertha Wilson.

Master Carl Keaser called on Earl Berger Saturday.

Mr. and Mrs. Harve Glancy of Newark, spent Sunday with William Livingston.

Mr. Floyd Rector called on George Pimm Sunday.

James Delancy called on Albert Burrell Sunday afternoon.

Mr. Benton Davis called on J. M. Berger Sunday afternoon.

Mr. Lawrence Glancy spent Sunday with Wm. Livingston.

Mr. Cora Wright was a Newark caller Friday.

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE. "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops into an acid. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately thereafter a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining. It does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and see if I'm not right." Advertisement.

THE MAYOR SAYS:

In His Home No Other Remedy So Effective for Colds as Peruna.

MAYOR B. S. IRVIN.

Washington, Georgia. "I herewith reiterate my commendation of Peruna. It certainly has benefited our daughter in every instance when she was suffering from cold. I have frequently used Peruna in my family and have found it an excellent remedy for colds and also as a tonic. I often recommend it to my friends. Peruna seems to be indispensable in my family, as no other remedy has been so effective in cases of cold."

EVERY FAMILY wishing to be protected from cold should have Peruna in the house constantly. Also a copy of the latest edition of the "Tills of Life," sent free by the Peruna Co., Columbus, Ohio.

Those who prefer tablets to liquid medicines can now procure Peruna in tablet form.

Ask Your Druggist for Free Peruna Lucky Day Almanac for 1914.

HANOVER.

Raymond Lescalleet the son of Mr. and Mrs. George Lescalleet met with quite a painful accident Wednesday, while coasting down a hill. Raymond had the misfortune to run into a tree bruising himself very badly.

Mr. and Mrs. Jay Conger are the guests of the former's parents, Mr. and Mrs. Harvey Conger of Perryton. Mr. Conger's father is quite ill of pneumonia.

Mr. Willard McArtor spent from Saturday until Sunday the guest of his brother Mr. H. McArtor of Lexington.

Mrs. C. B. Arndt and daughters, attended the funeral of Mr. John Arndt at Zanesville, Saturday.

INDEPENDENT INSTITUTE AT SUMMIT STA.

WILL BE HELD IN M. E. CHURCH ON FRIDAY AND SATURDAY, JAN. 30 and 31.

The Farmers' Independent Institute will be held in the M. E. church at this place Friday and Saturday, Jan. 30 and 31. The committee will spare no pains in procuring good talent.

Marion Geiger is quite sick at this place.

Rev. C. B. Longman of Columbus who rode the Reynoldsburg circuit in 1899 and 1898 filled the M. E. Pulpit in Rev. A. B. Davis' stead, Sunday morning and also made an interesting talk at the Epworth League meeting Sunday evening.

The M. E. Sunday-school reached the one hundred mark last Sunday. The Bible class is second to any in the county for the size of the place.

Mr. and Mrs. William Greenwood are visiting their daughter, Mrs. Birtha Freeman and family at Gale-na.

Mr. and Mrs. Paul Headly of Columbus spent Sunday with the former's parents, Mr. and Mrs. T. J. Sanford.

Miss Ema Picking of Columbus, was a Sunday guest of her sister, Mrs. Ninette Beem.

Miss Minnie Odell spent a few days last week with her uncle Mr. Lester Peters.

Mr. and Mrs. David James of Indianapolis Chapel attended divine services here last Sunday morning and was the guest of their daughter, Mrs. S. P. Ealey the remainder of the day.

Child labor will be observed at the Universalist church next Sunday at 10:30 a. m. A special young peoples day service will be held at 7 p. m. and all members of the Y. P. C. N. and the public are cordially invited.

Mr. and Mrs. Herman Woodruff moved on a farm near Reynoldsburg last week.

Dr. C. H. Bee formerly of this place was shaking hands with his many friends here last week.

COPS ARREST MAN AND WOMAN ON A SERIOUS CHARGE

Charging violation of the state "white slave" law, Captain Swank, Headquarters Officer McClure and Patrolman Shaw Tuesday night arrested Armintha Betts, alias Catherine Woods and a man who gave his name as Thompson but whose alias is said to be Fatts, in a rooming house, lodging both at the city prison. The case will be up for hearing probably Thursday.

WE RECOMMEND MORSE'S GLYCEROLE FOR NERVOUSNESS

Mrs. Marry E. Wraggs, 1225 Myrtle avenue, Zanesville, Ohio, wrote Hazen Morse, compounder of Morse's Glycerole, in part as follows:

"Last Summer I was in a very nervous condition. I went to Chester A. Baird's Drug Store and bought a bottle of Glycerole. I felt much better after taking a few doses. I continued until I felt really well. Now, I never like to be without it—for when I am extra fatigued, I just take a dose or two, and soon feel right again. My husband is taking it and tells how much good it is doing for him. We recommend it to everyone we know, because we know what it has done for us."

Get a large 50-cent bottle from your druggist. Take as directed. If you are not pleased with results, your money will be cheerfully given back. Evans' Drug Store, Newark, will supply you if your druggist has none in stock.

WHAT TO DO FOR NEURALGIA

The one great symptom of neuralgia is pain; the other great cause is inflammation for the nerves, in plain language—starved nerves.

There are two things to do for any form of neuralgia. Apply heat to the affected part to soothe the pain, and feed the nerves by taking a tonic containing the elements needed by them. Heat, as afforded by hot flannel, hot water bags, etc., lulls the inflamed nerves into temporary quiet. It does not cure. Not until the nutrition of the nerves is restored will the inflammation subside.

Dr. Williams' Pink Pills furnish to the blood the needed elements and the blood conveys them to the nerves. The only way of getting food or medicine to the nerves is through the blood. Remember that.

Neuralgia is a general term. It means inflammation of a nerve. It is given different names according to the nerve affected. Sciatica is neuralgia of the sciatic nerve. Application of heat will soothe the pain in all forms of neuralgia and Dr. Williams' Pink Pills will correct the condition that caused it.

Your own druggist sells Dr. Williams' Pink Pills and the Dr. Williams' Medicine Co., Schenectady, N. Y., will send you a little book on "Home Treatment of Nervous Disorders" for the asking.

Hood's Pills Cure Constipation Biliousness Liver Ills

LOSS OF HAIR IS ACCEPTED AS THE FIRST INDICATION OF OLD AGE

Don't Look Older Than Your Age.

Although frequently accepted as such, thin, wispy hair does not necessarily indicate approaching old age. In fact, it is more often traceable to the hair destroying effect of dandruff and hence becomes a matter of mere personal neglect.

Incipient loss of hair, with its ultimate, chronic form, is not considered by the majority of people with sufficient seriousness. Both are looked upon as inevitable, when as a matter of fact, there is no more need of losing one's hair, or having thin, scraggy locks at sixty than there is at sixteen.

Proper and intelligent care of the hair is all there is to it. To combat dandruff, contagion, loss of hair, and itching scalp, Herpicide is the logical preparation to use.

Thousands of people are using New York's Herpicide with infinite satisfaction for the troubles incident to loss of hair.

To acquire light, fluffy and beautiful hair—hair that has that natural sheen and luster, which are such an aid to feminine good looks, Herpicide is strongly recommended.

Acknowledged as the leading scalp prophylactic and dandruff eradicator, Herpicide produces the most satisfactory results when used intelligently and persistently.

The odor of Herpicide is delightful to all. Your dealer knows the merit of this wonderful scalp prophylactic and will guarantee it to do as claimed or return your money. It is sold everywhere in 50-cent and \$1.00 size bottles. Applications may be obtained at the better barber shops and hair dressing parlors.

The Herpicide Co., Dept. S, Detroit, Mich., will send a trial bottle of Herpicide and booklet telling all about the hair to any address upon receipt of ten cents in postage or silver, to cover the cost of packing and mailing.

Invitations reading as follows have been received by friends in Newark: Mr. and Mrs. M. J. Steinkemper request the honor of your presence at the marriage of their daughter

Harriet Adalia to Mr. Gustave Edgar Hecker Thursday evening, January twenty-second, nineteen hundred and fourteen, 730 o'clock, St. Paul's Evangelical church, Sidney, Ohio.

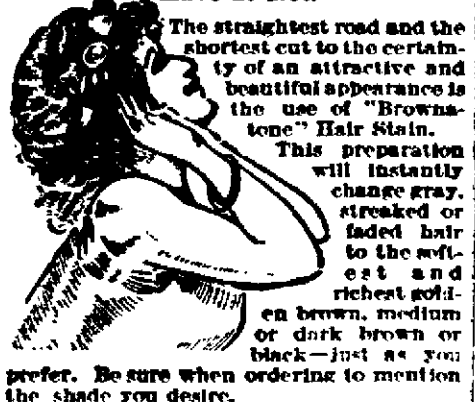

Accompanying the invitations were cards for a reception immediately following the ceremony at Sexauer Hall. Mr. and Mrs. Steinkemper with their daughter, Miss Harriet, resided in Newark for a number of years.

Mrs. Fred Wright entertained the members of the Tuesday Afternoon Bridge club with a luncheon on the club afternoon at her home in Eddy street. The club game followed the luncheon which was of delightful appointments, and the following souvenirs were awarded Mrs. Edwin Besuden for club honors and Mrs. Robbins Hunter for guest honor.

The guests were Mrs. J. S. Jones of Granville, Mrs. Walter Upson, Mrs.

The Glorious Beauty of Brown Hair

Is the Pride of Those Who Possess It
and the Envy of Those Who
Have It Not.

The straightest road and the shortest cut to the certainty of an attractive and beautiful appearance is the use of "Brownatone" Hair Stain.

This preparation will instantly change gray, streaked or faded hair to the richest golden brown, medium or dark brown or black—just as you desire.

Be sure when ordering to mention the shade you desire.

Just comb or brush it into your hair. "Brownatone" will always give you the most pleasing results and you need have had no previous experience.

Impossible of detection, will not rub or wash off, and needs retouching only as the hair grows out.

"Brownatone" hair stain is far superior to "Glycer" and is absolutely harmless in every way.

Sold by all up-to-date druggists, in two sizes, 25c and \$1.00. If you are offered a substitute, save annoyance by refusing it and ordering "Brownatone" direct from the makers.

A trial bottle and interesting booklet will be mailed for 10 cents.

Address The Kenton Pharmaceutical Co., 48 E. Pike St., Covington, Ky.

Sole and authorized Newark agent: R. F. Collins, 25 and 27 Drug Store and other leading druggists.

Walter Ferguson, Mrs. A. R. Pitzer, Mrs. Charles Smith, Mrs. W. H. Davis, Mrs. Robbins Hunter and Mrs. C. H. Stinson.

Invitations have been issued by Mrs. Charles Stinson for an auction bridge party which will be given at her home in North Second street on Thursday afternoon.

Mrs. W. C. Gardner will entertain with a luncheon at her home in Hudson avenue on Thursday afternoon.

The Catholic Ladies of Columbia entertained with a delightful banquet in the room of the Modern Woodmen on Tuesday evening. A chicken dinner of several courses was served and following the menu installation of officers was held. About twenty-five members were present.

Miss Margaret McWilliams entertained the members of the Tuesday Evening Euchre club at her home in South Second street on Tuesday evening. The game concluded with the souvenirs being awarded to Mrs. Sullivan, Mrs. C. T. Egan and Miss Frances Egan.

The regular business meeting of the Willing Workers Sunday school class of the East Main street M. E. church was held Tuesday evening at the parsonage where about twenty-five members of the class were delightfully entertained by their teacher, the pastor, and his wife, who served a lunch to those present.

After the regular business subject of the classes anniversary was taken up and committees were appointed to take charge of the entertainment and social features of the evening.

The class numbers at present some sixty persons and before the anniversary meeting to be held February 17 their aim is to have at least forty couples on the class roll.

The next business meeting being election of officers it will be requested that all members make arrangements to be present as promise is made of a good social time.

Miss Orr was hostess to the Investigators club at her home in Hudson avenue Monday afternoon. The following program was carried out:

Quotations—John Fox, Jr.

A Short Story in Fiction—Mrs. Eugene Ball.

Sketches, Grace Richmond and Mary Stewart Cutting—By Mrs. J. R. McClure.

Jack London—Mrs. Otis Morse.

Critic—Mrs. J. A. Kidwell.

The club members and guests enjoyed several choice musical selections on the phonograph. The club adjourned to meet with Mrs. Samuel Sachs in Clinton street, January 29, for the annual business meeting.

The Minerva club will be entertained on Thursday afternoon at the home of Mrs. E. P. Hildreth in 105 Ta-olth street.

The women of the Federated clubs are asked to meet at Taylor Hall, Thursday afternoon, January 15, at 2:30 o'clock. A representative of the State Board of Health will be present.

ent and tell of the plans for the State Health Exhibit, which the Newark Federation expects to bring here in February. All members are asked to be present.

Mrs. Lloyd Millisor delightfully entertained the members of the Unity Reading Circle at her home in West Locust street on Tuesday afternoon. The following program was given from the calendar:

Quotations—Current Events.
United States Navy—Mrs. Barrick.
United States Army—Mrs. Swingle.
Critic—Mrs. Clunis.

Aside from the members of the club Mrs. Millisor entertained several guests.

Mrs. Gerard Besanceney delightfully entertained the members of her euchre club on Tuesday evening at her home in West Church street. Dinner was served at six o'clock; the appointments being in red. Following the dinner, euchre was played; the souvenir being awarded Miss Genevieve Kates and Mrs. Anna Lee. The guests of the club were Mrs. Walter Daugherty, Mrs. David Thompson and Mrs. Dana Anderson of Ft. Smith, Neb.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

HARMONY

Mr. Roy Deer was entertained at the home of Noah Overturf over Sunday.

Mr. and Mrs. L. M. Shipley, Mr. and Mrs. E. H. Runnels attended Woman's Grange at Pataskala last Saturday.

Mr. and Mrs. H. J. Rice enjoyed a sled ride and services at Fairview last Wednesday evening.

Mr. and Mrs. W. A. Whissen visited friends in Homer Tuesday.

W. L. White carried away a good share of prizes from the Newark corn show. He won the separator on Yellow Dent and got nearly \$100 altogether.

Mr. Arthur Pryor of Waverly, Va., Mr. Harry Clark of Kinkersville were guests over Sunday at the home of Noah Overturf.

Misses Jennie Kirby, Luree and Lettie Crouse, Thelma Overturf and Beale Wright and Mr. Russell White attended the boys' and girls' convention in Newark Saturday.

Mr. John Culp of Thurston spent a couple of days in this neighborhood last week.

Those on the sick list are Mrs. Ada White, Mrs. Susie Arnold, Mrs. Lulu Higgins.

JOHNSTOWN E. D. NO. 4.

Mr. and Mrs. F. P. Belt made a business trip to Newark Friday.

Mrs. Grace Harris of Homer visited her parents, Mr. and Mrs. J. D. Fry Thursday.

Mr. and Mrs. Arthur Hall near Appleton called on Mr. and Mrs. Ray Dixon Thursday evening.

Mrs. N. V. Bash and son Don were in Utica Saturday afternoon.

Mrs. Mame Alberty and son Bryan of Brushy Fork visited her brother, Mr. Walter Dixon and family Wednesday.

Mrs. Hugh McIlurg, west of Johnstown, visited his grandparents, Mr. and Mrs. A. J. Dixon Sunday.

Mr. and Mrs. Ray Dixon were in Utica Saturday afternoon.

Mr. and Mrs. F. P. Belt visited their daughter, Mr. and Mrs. Eliza Myers Sunday.

Mr. B. D. Jackson made a business trip to Newark Friday.

Only One Mood.
Inquisitive Friend—Don't you find that your wife is very subject to moods? Enquire—No; she has only one mood, the imperative, and I'm the one that's subject to that!—Judge.

Heart and Hand.
The surname Heart is really a corruption of Hand, which was a name given to show that the owner was a man of firm character and resolute bearing.

Life is measured by experience and not by years. Latin Proverb.

RELIEF FROM CONSTIPATION

It's Me For Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets, while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but are healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—a sick headache—torpid liver and are constipated, you'll find quick sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bed time.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. The Olive Tablet Co., Columbus, O. All druggists.

Personal

Mrs. Smith of Elmwood avenue is reported as being quite ill.

Miss Florence Daugherty of East Church street left Wednesday for Cleveland where she will spend a few days.

H. E. Williams of Chicago is looking after business interests in the city for a few days. He is registered at the Sherwood Hotel.

Mr. and Mrs. Andrew Miller and daughter Ruth of Lancaster are spending a few days with their daughter, Mrs. George Myers of Twenty-first street.

Miss Margaret Gallagher of Cleveland, who is singing at the Orpheum theatre the first half of this week, is a visitor at the home of Mrs. William Donovan on Gilbert street.

Mr. John C. Unterhager and sister, Miss Emma, left Newark for Springfield Sunday morning to be the guests for the week of their cousin, Mrs. W. C. Shockey of Greenmount avenue.

Obituary

Harry D. Place.
Harry D. Place, age 60 years, died at the Newark Sanitarium, at 7 o'clock Wednesday morning. Mr. Place has been suffering from stomach and liver trouble and was removed to the Sanitarium on Tuesday evening, about five o'clock. He has been ill, however for the past two weeks.

He was born in Newark and has spent his life here, during the past few years, making his home with his sister, Miss Mary D. Place in Chestnut street. He was by occupation a painter and a decorator. Surviving are four sisters, Mary D. of Newark, Cynthia of Madison township and Carrie and Emma of New York, also three brothers, Frank A. William H. and Homer D. Place, the latter at present is traveling in Arizona.

Mr. Place was affiliated with the Royal Arcanum Lodge. No arrangements have been made for the funeral.

Death of Infant.
The infant son of Mr. and Mrs. Raymond Offenberger, of 129 Canal street, died Thursday afternoon after a brief illness due to infantile disorders. The funeral occurred at 9 o'clock Wednesday morning, and interment was made in Cedar Hill cemetery.

Mr. John Cosgrove, for thirty-three years a resident of this city and a valued employee of the B. & O. railway system, died at his home in North Second street Tuesday night at 9 o'clock after having been confined to his home for the past eleven weeks suffering with an aggravated attack of hiccoughs which finally terminated in dissolution.

Mr. Cosgrove was born in Cumberland, Md., in 1838 and at the age of fourteen years entered the service of the B. & O. railway at Mt. Claire, Md., as a messenger. Later he entered the mechanical department of the road and after completing his apprenticeship was sent to McConnellsville, Pa., as an expert mechanic. In 1881 he was transferred to Newark as an erect-house foreman and later was made foreman of the machine shops, which position he retained until his retirement seven years ago.

Mr. Cosgrove was married in 1861 at Cumberland, Md., to Miss Margaret Harrison, their golden wedding anniversary having been celebrated three years ago. Seven children were born to the marriage. Five of them with the mother survive. The children are Mrs. Thomas Mason of Uniontown, Pa., Mrs. Margaret Bowman of Second street, Mrs. E. H. Weisgarber of East Locust street, Mrs. Matthew Kneuper of West Main street and John Cosgrove, Jr., of Benna Vista. Thirteen grand-children also survive. The funeral will occur Friday morning at St. Francis de Sales church, Rev. Father Ruane officiating. Interment at Mt. Calvary.

The calling of Mr. Cosgrove takes one of the few surviving pioneers of the B. & O. railway in this city. His entire life was spent in its service and he was regarded as one of the most expert mechanics of the entire system. He was of a kindly nature, fond of his home and family, well liked by his associates and will be sadly missed by a large circle of acquaintances.

Mrs. George McGruder.

Charles C. McGruder of the Home Building Association, returned to Newark Wednesday from the home of his parents at West Carlisle, Coshocton county, where he buried his mother, Monday. Mrs. McGruder, the wife of George McGruder, was 63 years of age. Death occurred last Saturday following several weeks' illness with heart disease. Surviving are two sons, C. C. of Newark, and Dwight, formerly of Newark but now residing in Minneapolis; and two daughters, Mrs. O. H. Botts of Black Run, and Mrs. H. R. Gault of West Carlisle. The husband also survives.

Mr. and Mrs. McGruder resided for practically all their lives in the farming community near West Carlisle, only recently moving into the village.

Funeral of Daniel Thomas.
The funeral of Daniel Thomas, whose death occurred Tuesday morning, will be held Friday morning at 10 o'clock in Plymouth Congregational church. Interment will be made in Cedar Hill cemetery.

BRITAIN MURDER REPORTED.
(Associated Press Telegram.)
Scranton, Jan. 14.—The frozen body of Robert Ediam, 55, prominent in coal mining circles, was found in the Green Ridge section today. The head was battered in and the circumstances point to a most brutal murder.

This business of sitting on a shelf in a grocery store does not appeal to me!

So here I go into this market basket. Somebody will be mighty glad to see me and gladder still to eat me. After all, it doesn't make a great deal of difference who eats me, so long as I get eaten.

Ich gibbible!

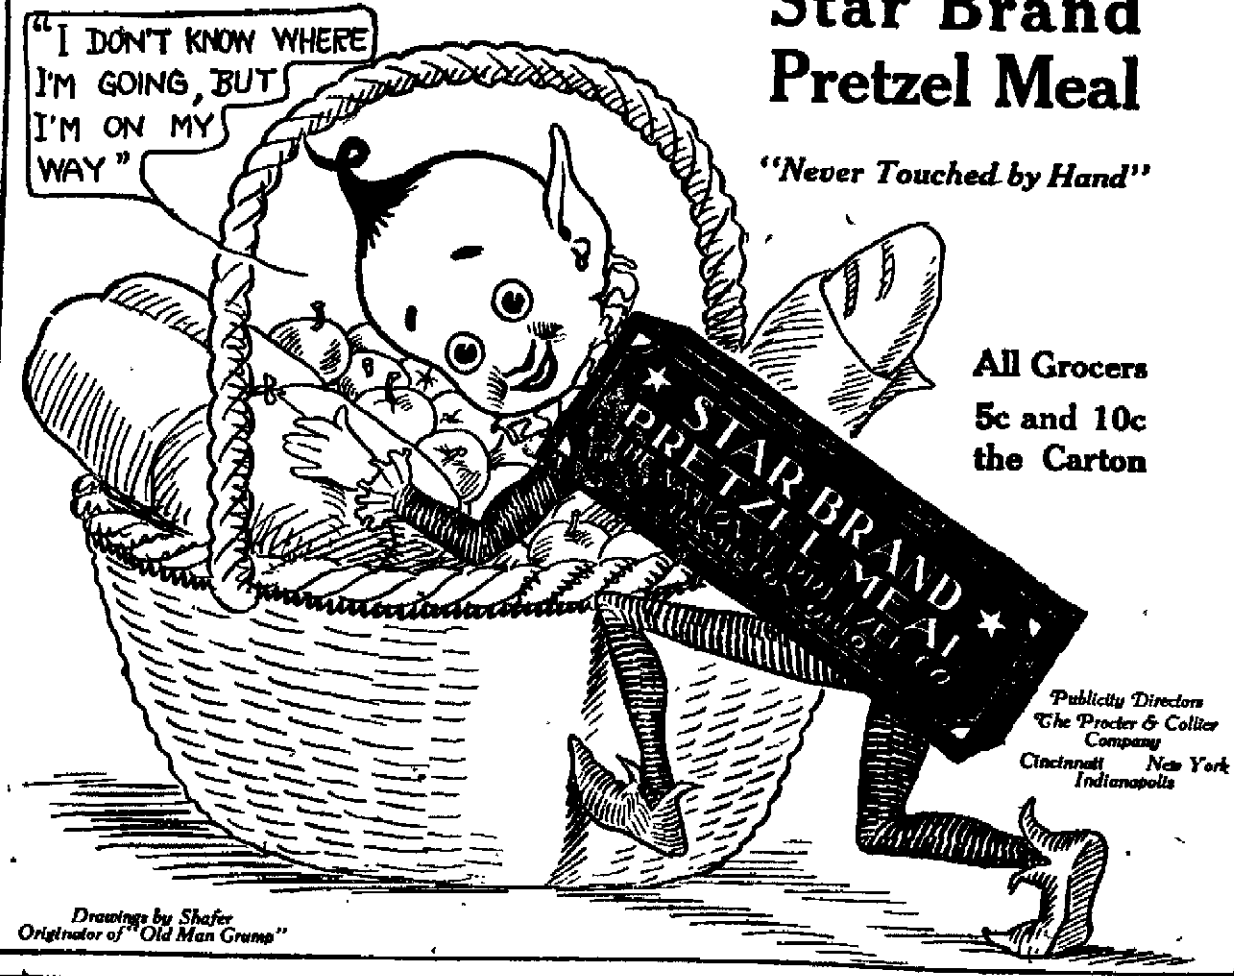

Oh my, oh my! What a treat I am going to be to somebody. I do hope that there will be children at the house this market basket is going to because children dearly love me and I am the best ever for kiddies.

Pancakes! That's what they ought to make of me for tomorrow morning's breakfast! Two parts of me to one part of flour makes the finest pancakes in the world—and the cheapest.

Some folks think that they can't digest pancakes. I'll show them their mistake. When I get into the batter I knock all the indigestion out of the cakes and make dyspeptics forget their stomach troubles.

My existence would be justified if I were good for pancakes only. But being equally good for everything on the menu from soup to desserts, I enjoy the distinction of being the biggest value that was ever put up in five and ten cent cartons.

I hope that every housewife in town will telephone to the grocery store for me and give me a trial in her kitchen.

HAS A SISTER SERIOUSLY ILL AT SANITARIUM

A sad feature in connection with the death of Mr. Harry D. Place is the fact that his sister, Miss Mary Place, with whom he made his home in Chestnut street, is seriously ill. Miss Place was removed to the Newark Sanitarium on Tuesday evening at the same time her brother was taken there.

She seems to be suffering with a similar ailment to that which caused his death, a complication of stomach trouble. When told of her brother's death this afternoon, Miss Place suffered a relapse and her condition is serious.

CELEBRATES HER NINTIETH ANNIVERSARY

Mrs. Lucilla C. McDonald, having the distinction of being one of the oldest living residents of this county, observed her 90th birthday anniversary Tuesday, in the residence of her daughter, Mrs. Emma Mowse, 377 Hudson avenue, with whom she has made her home for several years. Despite her 90 years, Mrs. McDonald is youthful of mind and quite active physically.

As a surprise on her 90 birthday anniversary a number of her friends from London, O., and her native county of Madison, spent the day

with her at the home of her daughter, Mrs. Mowse. Ten took dinner at the home. Mrs. McDonald was remembered with a number of gifts, including a number of beautiful bouquets.

The only living children are Mrs. Morse of Newark, and a son, L. D. McDonald, of Creston, Iowa.

FREDONIA

Mrs. Dillon Cramer, who has been quite ill for the past week, is slowly improving.

Mrs. C. N. Bell of High Water and Miss Bertha Carter of Newark, spent Wednesday with the former's sister, Mrs. Grace Griffith.

Mr. and Mrs. Clem Bowers spent Wednesday with their son, Fred, at Alexandria.

Mr. and Mrs. George Carpenter spent Wednesday with their daughter, Mrs. Wilbur English and family at Alexandria.

Mr. and Mrs. Alpha Greenwood of Lafayette spent Thursday with his grandmother, Mrs. Rebecca Arnold.

Mrs. Frank Chilcotte is visiting Mr. and Mrs. Perry Chilcotte at Purity.

Misses Mable and Maude Brasille have returned to their home near Lock, after an extended visit with their sister, Mrs. Nelson Carpenter.

Fred Gosnell and Miss Dell Carpenter of Granville, spent Friday with the former's sister, Mrs. Dillon Cramer.

Mr. and Mrs. Ray Chilcotte of Purity, spent the week-end with his sister, Mrs. Harry Williams.

Mrs. George Carpenter was called to Alexandria Sunday by the serious illness of her daughter, Mrs. Wilbur English.

DATE FOR FAIRS IN OHIO COUNTIES ARE ANNOUNCED

Wapakoneta, Jan. 14.—The dates of Ohio fairs for 1914 have been reported to A. E. Schaffer of this city, secretary of the Ohio Fair Boys' Association. Those in the vicinity of Newark are as follows:

Ohio state fair, Aug. 31, Sept. 1, 2, 3 and 4.
Champaign, Aug. 11, 12, 13, 14.
Coshocton, Oct. 6, 7, 8, 9.
Crawford, Sept. 9, 10, 11, 12.
Fairfield, Oct. 14, 15, 16, 17.
Greene, Aug. 11, 12, 13, 14.
Knox, Aug. 18, 19, 20, 21.
Logan, Aug. 18, 19, 20, 21.
Licking, Oct. 6, 7, 8, 9.
Madison, Aug. 25, 26, 27, 28.
Marion, Sept. 21, 22, 23, 24, 25.
Miami, Sept. 22, 23, 24, 25.
Morgan, Sept. 16, 17, 18.
Morrow, Sept. 29, 30, Oct. 1 and 2.
Muskingum, Aug. 11, 12, 13, 14.
Pike, Aug. 12, 13, 14.
Richland, Sept. 29, 30; Oct. 1, 2.
Shelby, Sept. 16, 17, 18.
Tuscarawas, Oct. 13, 14, 15, 16.
Wayne, Oct. 6, 7, 8, 9.

PEEVISH CONSTIPATED CHILDREN LOVE "CALIFORNIA SYRUP OF FIGS"

Harmless "fruit laxative" cleans tender stomach, liver and bowels without griping.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in just a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels and you have a well, playful child again.

You needn't coax sick children to take this harmless fruit laxative; they love its delicious taste and it always makes them feel splendid.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

ELK MINSTREL WILL BE GIVEN ON FEB. 19-20

The Elks minstrel will be held on the evenings of Thursday and Friday, February 19 and 20. There will be twelve men and a chorus of thirty voices. Squire Fletcher S. Scott will act as interlocutor and director general and keep things lively. Mr. Scott is amply qualified for this important roll and with his end men will keep the fun going fast and furious.

There will be four premier ends, Messrs. Carl Jones, Johnny Dolan, Walter F. Brown and Ralph Liscomb. The auxiliaries will be Walter Daugherty, Joseph Stock, Carl Erman, Herbert Webber, Karl Schaller, Paul Morrison, Dio "Val" Crider and Harry Ingram.

There will be a number of soloists

Brown Your Hair

Don't Be Misled Into Thinking that You Can "Restore" the Color by Any Gradual Process.

The Only One Satisfactory Way Is To USE WALNUT TINT HAIR STAIN.

The Attractiveness of Rich Brown Hair Is Beyond Compare.

We all know that gray, streaked or faded hair spoils a woman's looks and takes away the charm of what might otherwise be an attractive or pretty face.

Why, then, will some women let their hair remain so unattractive, when it is so simple and easy to remedy this defect in a few moments' time and with hardly any trouble?

Mrs. Potter's Walnut Tint Hair Stain has been tried and tested and has been in constant use by thousands upon thousands of women for more than 15 years. It has proven itself over and over again as being the most dependable and satisfactory stain ever offered.

Can not be detected, will positively not wash off or rub off, acts instantly, and will not injure the hair. You simply brush or comb it into the hair and presto! Your gray, streaked and faded hair has vanished and in its place you have the most beautiful brown of any shade you desire. Or you can have it black if you prefer.

Mrs. Potter's Walnut Tint Hair Stain is sold by first-class druggists everywhere. The price is One Dollar, and a bottle should last you a year. Satisfaction guaranteed. Don't accept a substitute.

If you prefer a test before buying, send 25 cents for a trial package, with full directions and a valuable book on the care of the hair. Trial packages are not sold by dealers and can only be obtained by sending direct to us.

Address: Mrs. Potter's Hygienic Supply Co., 1800 Groton Bldg., Cincinnati, Ohio.

MUNICIPAL TREE TO BE PLANTED ON ARBOR DAY

On Arbor Day, with impressive exercises, there will be erected in the courthouse park, a handsome evergreen tree, which will be planted to grow and to stand for years to come as Newark's municipal Christmas tree. This all will happen if members of the Newark Trades & Labor Council can obtain permission from Mayor Bigbee and Service Director Christian, which is altogether probable when the time comes.

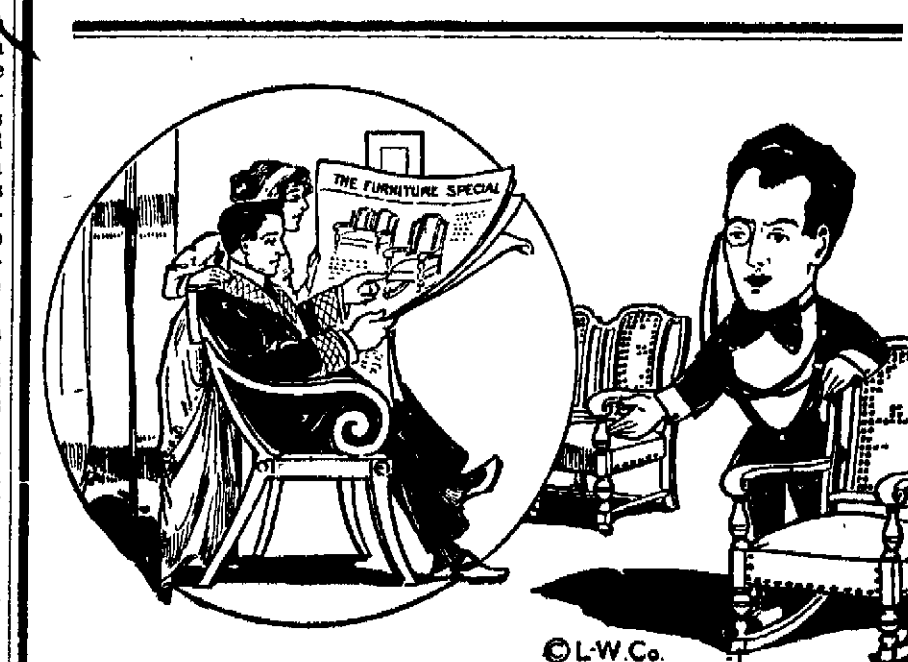

This year's temporary tree has been removed and bits of twigs and branches have been cleared from the courthouse park. The tree with its myriads of incandescent lights, and the monster illuminated star overhanging it, are memories only, but the whole scene will be a regular affair with a real, growing tree, next year, it is predicted.

This year there were over 130 community Christmas trees in the open. Next year there will be several times the number, judging from the hold taken on communities all over the United States by the idea.

In New York, for instance, the group of "Idealists" who made possible the community tree in Madison Square park, is planning some form of organization which will perpetuate the celebration. A monster Star of Hope, brightly illuminated, has been erected on the site of the Madison Square tree only to be removed to make way for the tree, shortly before next Christmas eve. In order to finance the proposition, the promoters have opened a bank account for the Tree of Light. All of the group are known as "silent partners," doing their share on condition that their membership in the organization is kept a profound secret.

Other cities are following in line on their proportionate scale, and it is altogether probable that Newark will be one of the first of Ohio cities to establish a permanent Christmas tree.

Odd and End Sale

Come and see the remarkable values that are offered in our ODD AND END SALE during January. Whether you intend to purchase or not, we want you to feel at home roaming through our store.

Good furniture is always a desirable investment, particularly now, when you can profit by such liberal price reductions. Make a list of all the furniture that you have been wanting and let us show you how well we can fill your requirements.

Here are a few typical items from our ODD AND END SALE:

and these with the acts to be given in the olio will be announced later. Suffice to say the best of talent will be developed and the minstrel will undoubtedly be the best ever staged by the local Elks.

The entire production of the show is under the direction of Mr. Oscar Stanton of Zanesville, O., a gentleman thoroughly capable of staging any production and who has had a wide experience along that line, having directed a number of operas in this city a number of years ago. He is a thorough musician, an excellent singer and is bound to make the minstrel one of the events that will long be remembered.

The sale of tickets by members of the Elks lodge will be started within a day or two and there is no doubt but that the house will be sold out for both evenings.

THE FITNESS OF HEALTH

Samose Fills Out The Curves and Makes Thin People Fat.

If you are thin, your health is not what it should be. If you are losing weight steadily, there is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Samose, he remarkable flesh forming food.

This makes the thin and scrawny plump and robust; it mixes with the food so that all of the elements that make solid bone, firm muscle and good flesh are thoroughly assimilated and retained in the system.

Samose is not a drug or a stimulant; it is a scientific flesh-forming food that restores thin people to a normal condition of good healthy flesh.

These statements are confirmed by W. A. Erman's offer to refund the money to anyone buying and using Samose who does not gain in weight as promised. The risk is all his. The thin and scrawny can buy Samose at Druggist W. A. Erman's store, with the knowledge that if it is not successful it will cost absolutely nothing.

First Things

The first papal delegate to America was Monsignor Francis Satolli, who was appointed to that post twenty-one years ago today. Though in a delicate position, he manifested great wisdom and succeeded in settling a number of serious difficulties which had arisen in the church in the United States. The appointment of an apostolic delegate, with power to exercise pontifical jurisdiction, subject only to appeal to the Pope, gave the church an autonomy and uniformity which it did not possess before. Monsignor Satolli was in 1896 elevated to the sacred college of cardinals, and was succeeded in the office of delegate by Sebastian Martinelli. In 1902 the Rev. Diomedeo Falconio, who had been apostolic delegate to Canada, was appointed to the Washington post. He was made a cardinal in 1911, and the Rt. Rev. Giovanni Bonzano was created apostolic delegate to the United States.

Mrs. D. N. Skinner, 125 Seventh street, who has been quite ill with pneumonia, is much improved.

ALL STOPPED UP?

Think what is stopping it! Think of the feeling and tired tissues which poison every breath!

Here is the big point in the treatment of Kordon's Catarrhal Jelly. It purifies the system, cleans the throat and mouth. It soothes the inflamed and sensitive tissues, breaks up the mucus, and gives you a big free breath. 25 and 50 cent bottles at all druggists.

KORDON'S Catarrhal Jelly

INSTITUTE AT ALEXANDRIA MEETS MONDAY

Next Monday and Tuesday will be the occasion of the sixteenth annual meeting of the Alexandria Farmers Institute, which will be held in the Auditorium, in Alexandria, with sessions, forenoon, afternoon and evening. A big feature this year, year, incidental to the main program, will be the women's session. Monday forenoon and afternoon.

Special instructors from the state department of agriculture will appear on each session program. George E. Scott will have four lectures, and J. S. Brigham will have four.

Today in Pugilistic Annals

1887—Jack McAuliffe knocked out Harry Gilmore in 28th round at Lawrence, Mass. Gilmore was one of the best of the men who aspired to the lightweight crown so long worn by Jack McAuliffe, the first lightweight champion of the world under Marquis of Queensberry rules. Like all of the rest of them, Gilmore failed, and McAuliffe retired in 1896 the undefeated king of the lightweights, handing over his crown to Kid Lavigne. Since leaving the ring McAuliffe has been a well known and fairly prosperous character on Broadway, and last month he sailed for Europe to make an exhibition tour of the leading cities of England, and the continent. Gilmore was the champion of Canada.

1911—Joe Rivers knocked out Danny Webster in 13th round at Vernon, Calif.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy. Agents: Hall's Drug Store.

WOMAN HELD FOR SHAWNEE MAYOR

Upon the request of Shawnee's mayor, police Captain Swank and Headquarters Officer McHugh arrested Lizzie Drake and locked her up to await the arrival of the village marshal. Local officers understood that the woman, who is implicated in a magazine scandal, the Shawnee officials are investigating. Frank Drake her husband and a companion giving the name of Armstrong, were arrested at Shawnee yesterday.

SALES-BY-WEIGHT LAW IS INVALID

Court of Appeals Affirms Franklin County Common Pleas—Declares Law Violates Ohio and Federal Constitution.

Columbus, O. Jan. 14.—Declaring that the new sales-by-weight law is not only in violation of the state constitution but also the constitution of the United States, the court of appeals yesterday affirmed Judge Rogers of the common pleas court in his recent decision in favor of Harry H. Steube, a local market man, who was fined \$10 in justices' courts for refusal to comply with the law.

Steube raised the question by continuing to sell potatoes by the measure instead of weight. The court of appeals, speaking through Judge Fenned, declared the law to be in violation of the clause in the federal constitution which provides that "no state shall make or abridge the privileges or immunities of citizens of the United States."

FORCE INCREASED.

Mt. Vernon, O., Jan. 14.—Orders issued yesterday restored jobs to thirty men who were laid off at the local shops of the Pennsylvania railroad in December. The number of working hours per day were also increased.

Lawyer—"Now, then, look me in the eye." Witness—"Which eye?" Lawyer—"Both eyes." Witness—"Aye, aye, sir."

Sore Throat Don'ts.

When the children have sore throat, don't blister their necks with tannin oil. Don't lecture them with a foul smelling piece of fat meat, wrapped about the neck. Don't imagine there is much virtue in an old sock or piece of red flannel. Don't believe in antiquated superstitions.

A sore throat is a serious matter and is not to be treated by such make-believe remedies. The use of such methods is simply putting the patient to needless torture. Use a little sore throat wisdom and give them TONSILINE and the throat will heal quickly. 25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

W. H. Mazey Company

Mother's Responsibilities

"I often wonder if a mother realizes how far-reaching is her influence upon her daughter's life," mused the Bachelor Girl.

"That's the reason I think bringing up children is the most important work in the world; and I can't see how women can think anything else surpasses it," promptly responded the Bachelor.

"Or be content to half do it, or be indifferent to it," agreed the Bachelor Girl. "I have been thinking of two young girls I know, and of how different their whole lives will be, just because of the difference in the way their mothers have trained them."

"Some girls, to be sure," meditated the Bachelor, "steer their own course irrespective of their mother's teachings."

"Yes. A girl of strong character will rise above her environment and carve out her own career; but no doubt she could have been helped on her way by the right kind of mother."

"And some girls go the other way despite their mother," said the Bachelor.

"That's true, too. But in both cases, these are the exception. The majority of girls live largely in a world of their mother's making. That is the experience of the two girls I was speaking of. With each, the course of her whole future life will be the result of the direction her mother has given it. One mother has recognized her responsibility and has carefully supervised her daughter's reading; has had her trained in music; and watched over her dress, so that now the girl knows how to dress daintily and smartly; has skillfully weeded out wrong associates, and has made a pleasant home so that the daughter can delightfully entertain her friends. And so the girl is well bred, intelligent, prettily dressed, and has a host of nice companions. Socially, she will go out in the best circles of her little town, and in every particular, live her life comfortably and pleasantly."

"The other mother didn't like children and shirked her responsibilities. She let her girl read what she liked, study or not, as she pleased, go with whomever she wanted to, and never in any way—except, perhaps, to complain—looked after her clothes, her manners, or to making a pleasant home for her. As a result, the girl is ill-bred, uneducated, dowdy. She associates with the sort of people she should not. And she goes altogether outside of her home for her amusements. So you see this girl faces anything but the happy, comfortable life that seems to be the future of the other. And these two girls do not belong to different classes of society; though to see them, you might think so. The mothers are intimate friends. But the girls have little in common and each will go her own way; the one among refined, cultured people, the other among the coarse and common."

"One shouldn't be so much at the mercy of something for which he is not responsible, should he?" mused the Bachelor.

"No. He shouldn't. But since he is, those who are responsible should assume their responsibilities and shoulder them," stoutly maintained the Bachelor Girl.

IMPROVEMENTS PLANNED FOR OLD DENISON

Guest Rooms Will Probably be Added to the Dormitories—Noted Minister to Address Students.

Granville, O., Jan. 14.—A plan is being evolved by the faculty of Denison University, whereby guest rooms will be installed in the dormitories for the benefit of the non-fraternity men, who do not have the advantages in a social way, as a fraternity man secures through his connections. The idea is a very good one and would add much to the attractiveness of college life at Denison. Although the plans at present are rather vague and there is no definite assurance so far that they will be carried out, the general opinion at present seems to sanction the scheme.

The idea advanced is that guest rooms shall be established on each floor of Talbot and Marsh halls, which are occupied by the men. These rooms are to be fitted up in a pleasing manner for the social usage of the students; while in the course of time, the laboratories in the lower floor of Talbot Hall will be done away with and the space derived in this manner will be converted into a large assembly room, which will be fitted up with all the accessories necessary to determine the pleasure of the students.

The Rev. Edward Judson of the Memorial church of New York City will address the students of Denison University on Thursday morning. Rev. Judson is the son of the late Adair Judson, who was the first American Missionary, and Thursday will be celebrated all over the world, as the Judson Centennial, as it is now one hundred years since he established a mission in far off Burma. This year missionaries from all nations will congregate at Burma to honor the first of this country's missionaries.

The Rev. Edward Judson is very active in church affairs and is widely known throughout the country for this reason, and because of the reputation achieved by his father. He is a graduate of Brown and holds a trusteeship there, as well as a professorship of Theology at Colgate. The Dean of Shepley college, the ladies branch of Denison, is a daughter of the Rev. Judson, who will speak in the Baptist church at 10 o'clock in the morning, Thursday.

The results of the Wooster game help to ease the defeat experienced at the hand of the up-state team last year, when Denison went down before the onslaught of the quintet representing the Presbyterian institution by the score of 35-30. This was the only occasion that the Baptists were humbled during the entire season and the result was not related by the players or the student body. However, a almost all of the men on the squad this year are veterans of last seasons aggregation they went to Wooster with the explicit purpose of atoning for last year and it rather looks as though the score of 33-8 would well illustrate the fruits of their labor. They were hindered last season, however, by the referee, who called twenty seven fouls on Denison during the course of the game.

Kenyon will be met at Granville on Saturday evening in Cleveland Hall and the team is working hard for the game. Although Oberlin walked away with Kenyon last Saturday, it is possible that the boys from Gambier town were somewhat off color and no chance will be taken that might detract materially from the success of the squad. Captain Prouty played a very strong game Saturday and displayed more speed than he has shown at any time this year. He will aid the team materially if he will continue with his exceptionally fine work.

The Fortnightly club met last evening at the home of Mrs. E. E. Wright, the meeting had been postponed from last week because of the week of prayer, which was celebrated last week. The subject of the evening's discussion was: "The School of Pergamas", and proved to be very interesting as well as instructive. Three papers were read during the evening; the first paper was read by Mrs. Graham, who had for her subject "The Laocoon". Mrs. Jones followed with a fine paper of which the subject was "Apollo and Diana". The program was concluded by Miss Hoover, who read a brief treatise on "Aphrodite the Beautiful."

Mrs. John Evans and Mrs. Elsie Carter were Columbus shoppers Tuesday.

Mrs. Frank Granger departed Tuesday to visit his daughter, Mrs. McKinney of Vanattsburg.

Mrs. Frank Robinsons sister of Mrs. Wilhelm of Hanover is recovering gradually from an operation, which was recently performed at the Sanitarium in Newark.

The regular games of the inter-fraternity basketball league will be played this evening in Cleveland Hall between the class of 1914 and 1914, which will be followed by a contest between the Sigma Chi and the Beta Theta Pi fraternities.

CITY WAS DARK TUESDAY NIGHT; MORE GAS TODAY

Wednesday morning's rise in temperature relieved the situation relating to the gas shortage which became so serious Tuesday and unless there is another big drop in the temperature, the gas supply will be adequate for all demands.

The return of the pressure had not reached anything like normal stage Tuesday night at supper time and many housewives found as much difficulty in preparing the evening meal as they had experienced at noon. The pressure was so low that gas lights were useless and in many instances there was no light at all and candles, oil lamps and lanterns were requisitioned for use in the early evening. It was 9 o'clock before anything like normal pressure was recorded.

Fire department officials feared that the return of the gas pressure would be followed by fires resulting from overheated stoves where gas users opened the valves on the stoves and left them in that condition for the night. Fortunately no such fires were reported though fire headquarters was called upon twice during the evening to investigate such cases.

In the store room next to Hermann's clothing store, which is being remodeled, to be occupied by the Larus Althelmer company, the stove was left with the valve opened full force. Passerby were attracted by the light of the blaze which leaped from the front of the stove. J. J. D. McNamar, owner of the building, was notified of the danger and hurried to the room. The stove was red hot and shavings left by carpenters covered the floor near the stove.

Later in the evening, a flaming gas jet was discovered in the Fulton building—old opera house block—and the tenant was located and this danger eliminated.

People whose business took them from their homes during the early evening hours groped their way through streets as black as ink. None of the street lights was burning as this was one of the plants where the gas supply was shut off Monday afternoon.

Drivers of coal wagons kept their horses on the jump until long after dark delivering rush orders of coal. Grates and coal stoves which have been rusting in woodsheds, were put in commission to thaw the marrow in the bones of the shivering residents.

It is believed that the present cold snap is broken, for a time at least. The weather bureau this morning predicted warmer weather tonight and Thursday. There was a difference of fully 15 degrees in Tuesday's and Wednesday's temperature. At noon today most of the thermometers registered 30 degrees or higher.

OHIO FUEL PAYS EXTRA DIVIDEND

(ASSOCIATED PRESS TELEGRAM)

Mt. Vernon, O., Jan. 14.—Local owners of Ohio Fuel Supply company stock were pleased yesterday when they were notified that an extra dividend of 4 per cent had been declared.

COUNCIL REFUSES INCREASED RATE TO FUEL SUPPLY

(ASSOCIATED PRESS TELEGRAM)

New Lexington, O., Jan. 14.—By a vote of 4 to 1 the new council of this town defeated an ordinance increasing the rate paid for gas to thirty cents. The new ordinance provided a minimum rate and gave the town a 15 cent rate for its jail and town hall. This is the third ordinance increasing the rates which has been defeated here.

Big Dinner Big Head Bad Stomach

AMBITION SALTS Helps Digest the First—Prevents the Others

We all go to banquets and other big dinners at times. And the wines, and other liquid cheer—maybe we don't touch them [all of us do, though]—and maybe we take a bit too much. And big, black cigars and cigarettes. And big, black cigars and cigarettes. And we burn too many of them.

The result—a headache, a stomach all out of order, and a generally gloomy view of things in general, in the morning.

A class of Wendell's AMBITION SALTS, taken just before going to bed, will counteract the effect of over-eating, drinking and smoking. It will make the head feel fine and clear and the stomach as good as ever in the morning. T. J. Evans sells it for only fifty cents a large bottle. It is invaluable, too, taken regularly, for uric acid, rheumatism, indigestion, malaria, biliousness, constipation, lazy liver and kidney troubles.

Remember, dealers everywhere will refund your money if you are not satisfied. Get a bottle today, take it as directed and see how well you will feel. Write John Pharmaceutical Co., Syracuse, N. Y., proprietors.

Ohio Reformatory for Women	40,000.00	(No inc.)
Miami University	100,750.00	(No inc.)
Kent Normal School	179,000.00	(No inc.)
Civil Service Commission	62,820.00	(No inc.)
State Board of Charities	22,289.03	4,511.33
Bowling Green State Normal College	192,000.00	(No inc.)

Except for possible changes by the legislature, the first column of figures above show what the departments and institutions will get in 1914.

The total amount of deductions from the 1914 appropriations bill is \$1,102,242.53. An increase allowed by the budget commissioner over the bill amounts to a total of \$123,939.37. The difference between these shows the actual grand reduction.

In his discussion of efficiency methods, Mr. Heffernan singles out the state library, now in the state house, and of which J. H. Newman is chief librarian.

"From an administrative standpoint, the library is entirely inefficient, and as conducted at present is wasteful of public funds and almost useless considered as a public library," he says. "The state library is an unnecessary institution as conducted at this time." He calls attention to the presence of two large public libraries already in Columbus, referring to the municipal library and that of Ohio State. His recommendations are that all valuable reference and valuable technical books and most others be taken to the University.

discontinuance of the flag and relic room, which has been a favorite museum for visitors to the state house for many years. Flags could be removed to the rotunda and relics should be given to the state archaeological and historical society, to be kept in its new building on the state university campus, he suggested.

The report does not shy from criticizing financial management of the House and Senate. "During the past year money has been spent in these departments without any apparent regard for efficiency or economy," it says.

Proportionally the greatest cut is made in the appropriation for the Ohio Sailors and Soldiers Orphans Home at Xenia which was attacked in a report from the department of public accounting, and institutions under the management of the state board of administration. The appropriation for the orphans' home is cut a fourth from what was allowed by the legislature, and recommendation was made that it be placed under the supervision of the board of administration instead of being conducted independently as now.

Reasons given against this ab-

Wait! Wait!!

Until Friday Morning At 8:00 O'clock
